Period for Reply

A SHORTENED STATUTORY PERIOD FOR REPLY IS SET TO EXPIRE 3 MONTH(S) FROM THE MAILING DATE OF THIS COMMUNICATION.

- Extensions of time may be available under the provisions of 37 CFR 1.136(a). In no event, however, may a reply be timely filed after SIX (6) MONTHS from the mailing date of this communication.
- If the period for reply specified above is less than thirty (30) days, a reply within the statutory minimum of thirty (30) days will be considered timely.
- If NO period for reply is specified above, the maximum statutory period will apply and will expire SIX (6) MONTHS from the mailing date of this communication.
- Failure to reply within the set or extended period for reply will, by statute, cause the application to become ABANDONED (35 U.S.C. § 133).
- Any reply received by the Office later than three months after the mailing date of this communication, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

DETAILED ACTION

1. The amendment filed on 08/20/02 has been entered.

Drawings

2. The proposed drawing correction and/or the proposed substitute sheets of drawings, filed on 05/22/02 have been approved.

Claim Rejections - 35 USC § 112

3. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 6,8, and 9 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claim 6, as amended, requires a combination including a lateral DMOS transistor and a **first region** (identified as part 1 in applicant's figure 2 or part 20 in applicant's figure 4) that **electrically insulates a second region from a substrate of the second conduc-**

Art Unit: 2826

tivity type In the disclosure as filed, such a combination is not disclosed. The first region that electrically insulates a second region from a substrate of the second conductivity type is disclosed in figure 1 and in lines 8 and 9 of page 3 of the application, but not in combination with a lateral DMOS transistor. A lateral DMOS transistor is disclosed in figure 4 and page 6 lines 5-26 of the application, but in this disclosure, the first region is situated in (note page 6 line 9) the second region, not disposed as to insulate the second region from the substrate.

With regard to claims 8 and 9, these claims require a combination of a RESURF device with a first region that electrically insulates a second region from a substrate of the second conductivity type. The only RESURF device applicant discloses is the LDMOST of figure 4 and page 6 lines 5-26. Note page 7 lines 1-4 of the application. As explained above, the LDMOST, either with or without a RESURF, does not include a first region that electrically insulates a second region from a substrate of the second conductivity type.

Response to Arguments

4. Applicant's arguments with respect to claims 6 and 8 have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 2826

Conclusion

5. THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
